Greenmoor Action Plans Year Three and Four

Community Development and Capacity Building

Primary Aims :-

- Ensure the Board has the capacity and confidence to lead the Big Local process
- Build the capacity of local people and organisations
- Increase volunteering in the area
- Dispel the myths that communities hold about each other and build up a sense of acceptance of difference and mutually

Contributing in particular to following Big Local outcomes :-

- People will have increased skills and confidence so that they can continue to identify and response to needs in the future.

Contributing to following elements of Greenmoor's ten year vision :-

- Greenmoor has an identity and the Big Local community partnership continues to develop the area post 2023.
- Community organisations thrive work hand in hand with private and public sector service providers providing a range of social and educational facilities in the area which are open and accommodating to all members of the community.
- Different communities and generations have a better understanding of each other and new comers to the area are welcomed.

Responding to the following priorities

- To find ways to bring the separate communities in the area together, dispel the myths they hold about each other and develop a code of conduct for residents based on mutual respect and acknowledgement of individual rights and responsibility.
- Support current good practise in community cohesion developing stronger links and supporting those organisations which endeavour to provide appropriate provision bringing together all sections of the community.
- Encourage current facilities and ensure any new facilities are open and appropriate for all members of community.

Greenmoor Action Plans Year Three and Four

Actions	Lead	Who else involved	Time scale	Expected outcomes
7.1 Ensure all Big Local supported activities are inclusive	Board LTO	Grant assessment team	On going	Groups will be encouraged and supported to be more inclusive in their service delivery
Risk elements Communities will continue to exist in isolation. The current climate of fear, discrimination and lack of acceptance of difference will continue. New communities will not be accepted and welcomed			Budget year 3	Budget year 4
			£2,000	£2,000

Greenmoor Action Plans Year Three and Four

Development of Greenmoors' Strategic Master Plans

8. Objective: To work in task groups to develop master plans

8.1) Safer Stronger 8.2) Healthy Happier 8.3) Richer not Poorer 8.4) Cleaner Greener

Primary Aims:-

- To undertake research and pilot programmes to inform the development of master plans for Greenmoors Strategic Themes
- To ensure that the master plans are well researched and will make a lasting difference to Greenmoor
- To increase numbers of residents and stakeholders involved in big local process

Contributing in particular to all four Big Local outcomes:-

- Communities will be better able to identify local needs and take action in response to them.
- People will have increased skills and confidence so that they can continue to identify and response to needs in the future.
- The community will make a difference to the needs it prioritises
- People will feel that their area is an even better place to live.

Contributing to following elements of Greenmoor's ten year vision:-

- Residents of Greenmoor will have easier access to a GP and other health facilities.
- There will be opportunities for all to access both indoor and outdoor sport, exercise and leisure space.
- Incidents of crime have been reduced, reporting of crime has increased and the area is and feels safer.
- Drug dealing and related activity in the area has reduced.
- The streets are clean and residents take pride in their properties and gardens.
- A green space in the area has been developed into a popular picnic and leisure spot which brings visitors and income into the area.

Greenmoor Action Plans Year Three and Four

- Different communities and generations have a better understanding of each other and new comers to the area are welcomed.
- Local business's flourish and provide increased employment and training opportunities.
- There has been a 25% increase in the amount of disposable income which is spent in the area.

Responding to the following priorities

- 1. Research and identify good practise which has been successful in other areas.**
- 2. All community identified priorities**
